

## ELFIN SERIES

### DESK & CHAIR SET

In order for your children to grow up healthy and strong, developing correct posture during their formative years is key to meeting those goals. The Elfin Series is designed to provide a friendly and comfortable learning environment that promotes healthier habits they can take into their adult years.

# HOW TO CHOOSE THE RIGHT DESK & CHAIR SET FOR GROWING CHILDREN?

Children are more likely to pay attention while learning if they are comfortably seated. However, as children grow, the desks and chairs they used in the past become obsolete and lose their ability to maintain a healthy posture due to being fixed in height. The Elfin Series height adjustable desks and chairs adapt to the various ages and body styles of a growing child – reinforcing good posture and creating long-term health benefits.
